FORMATION

IT GRADUATION

Blaise Pascal Comandini, Cesena

I graduated in IT at Blaise Pascal Comandini in Cesena. One of the most prestigious schools in the zone. Vote: 100 e laude

COMPUTER SCIENCE DEGREE

University of Bologna

Currently I'm graduating at University of Bologna in Computer Science

EXPERIENCE

2022- NOW JUNIOR DEVELOPER

DMA - CX Company for B2B

In DMA, the primary responsibility is to transform **client** and designer **requirements** into a **functional** and visually **appealing user interface**. Daily tasks include coding in HTML, CSS, and JavaScript, **collaborating** on wireframes and mockups with designers, defining animations and visual effects, **testing** the interface, and **troubleshooting** technical issues. The goal is to create a responsive, accessible, and search engine-optimized site or application.

PROFILE

I am a **passionate** Front End Developer with my first and significant professional experience in DMA, creating engaging and interactive user experiences.

I have a good knowledge of front-end technologies such as **HTML**, **CSS** and **JavaScript**, and I am working with different frameworks such as **React**, Vue and Angular. My strengths are **adaptability** and **speed of learning** and I have a good command of the English language.

SKILLS
